

Anaesthesia

The official journal of the Association of Anaesthetists of Great Britain and Ireland

Volume 38 (1983)

Editorial Board

Editor J. N. LUNN

Assistant Editors M. MORGAN, I. M. CORALL, C. E. BLOGG, R. GREENBAUM

Chairman P. J. HELLIWELL

Advisory Editors R. S. ATKINSON, T. B. BOULTON

Members AILEEN ADAMS, JEAN LUMLEY, C. F. SCURR, P. J. F. BASKETT and a
representative of the Junior Anaesthetists Group

Ex officio

The President of the Association M. D. VICKERS

The Honorary Treasurer of the Association M. M. BURROWS

The Honorary Secretary of the Association W. R. MACRAE

The Assistant Honorary Secretary of the Association M. T. INMAN

Editor Emeritus C. LANGTON HEWER

Sub-editors of Special Sections

L. KAUFMAN Anaesthetic Literature

A. PADFIELD National and local events

G. D. PARBROOK Audiovisual reviews

M. J. HARRISON Index of computer programs

JACQUELINE WELCH Reference Librarian

D. V. BATEMAN Honorary proof reader

© 1983 The Association of Anaesthetists of Great Britain and Ireland

Contents

Number 1, January 1983

EDITORIAL—*Anaesthesia* 1983

J.N. Lunn

1

ORIGINAL ARTICLES

Doxapram and postoperative chest complications

G.B. Drummond and G.R. Park

3

Barbotage and spinal anaesthesia. The effect of barbotage on the spread of analgesia during isobaric spinal anaesthesia

P.J. Nightingale

7

Extradural versus intramuscular diamorphine. A controlled study of analgesic and adverse effects in the postoperative period

L. Jacobson, P.D. Phillips, C.J. Hull and I.D. Conacher

10

On-demand analgesia. A double-blind comparison of on-demand intravenous fentanyl with regular intramuscular morphine

E.A. Welchew

19

The influence of haemoglobin and plasma urea levels on the induction dose of thiopentone

J.W. Dundee and T.H. Hassard

26

Total intravenous anaesthesia with etomidate-fentanyl. Use in general and gynaecological surgery

D. Jones, A.S. Laurence and J.A. Thornton

29

CASE REPORTS

Respiratory injury in the burned patient

C.J. Clark, W.H. Reid, A.B.M. Telfer and D. Campbell

35

Adverse reactions to intravenous codeine phosphate in children. A report of three cases

E.C. Shanahan, A.G. Marshall and C.P.O. Garrett

40

APPARATUS

Effects of nitrous oxide on pressure changes of tracheal tube cuffs following inflation with air and saline

R.I. Patel, T.H. Oh and B.S. Epstein

44

Misconnexion of a cuffed 'speaking' tracheostomy tube. A report of the consequences, and recommendations for future use of similar tracheostomy tubes

R.O. Feneck and W.E. Scott

47

FORUM

Experience with self-administered pethidine with special reference to the general practitioner obstetric unit

N.J.N. Harper, J. Thomson and S.A. Brayshaw

52

Closed system enflurane in oxygen

D.W. Robins

56

Rectal ketamine for induction of anaesthesia in children

J. Idvall, J. Holasek and P. Stenberg

60

CORRESPONDENCE

Anaesthesia in Huntington's chorea 65; Left ventricular failure in mitral stenosis 66; Mediastinal tumours causing airway obstruction 66; Respiratory obstruction after thyroidectomy 67; The prevention of air emboli in hip surgery 68; Anaesthesia for cystectomy 69; Obturator nerve block in transurethral resection 70; Delayed respiratory arrest after bupivacaine 70; Systemic reaction caused by epidural bupivacaine 0.75% 71; Dr Doughty's technique for location of the epidural space 71; Combined subarachnoid and epidural techniques 72; Unusually high block following intrathecal bupivacaine 72; Delayed onset spinal after epidural analgesia 74; Epidural and intrathecal opiates for postoperative pain relief 74; Intrathecal morphine combined with hyperbaric tetracaine 76; Postoperative pain—a new approach 77

STOP PRESS

91

Number 2, February 1983

EDITORIAL—Benzodiazepine receptors <i>J.G. Whitwam</i>	93
ORIGINAL ARTICLES	
Pre-oxygenation—how long? <i>M. Berthoud, D.H. Read and J. Norman</i>	96
Narcotic antagonism by naloxone. Few side-effects after a short procedure? <i>J. Magnusson, O. Werner, C. Carlsson and K.I. Pettersson</i>	103
Ranitidine as an antacid before elective Caesarean section <i>D.M. McAuley, J. Moore, W. McCaughey, B.D. Donnelly and J.W. Dundee</i>	108
Isobaric bupivacaine and hyperbaric amethocaine for spinal analgesia. A clinical comparison <i>M.P. Tattersall</i>	115
Failure of diazepam to prevent the suxamethonium-induced rise in intra-ocular pressure <i>R.O. Feneck and J.H. Cook</i>	120
CASE REPORTS	
Unrecognised presentation of a meningioma. Delayed recovery after general anaesthesia as a sign of intracranial pathology <i>A.C.L. Fraser and V.A. Goat</i>	128
Continuous intravenous anaesthesia with Althesin for resection of tracheal stenosis <i>A.B. Vyas, S.M. Lyons and J.W. Dundee</i>	132
Pneumoretroperitoneum <i>K.M. Hillman</i>	136
Cold agglutinins and deep hypothermia <i>A.B. Leach, G.L. van Hasselt and J.C. Edwards</i>	140
Subdural haematoma and spinal anaesthesia. A case report and an incidence study <i>L.O. Jonsson, P. Einarsson and G.L. Olsson</i>	144
SPECIAL ARTICLE	
Diagnosis of the causes of anaphylactoid anaesthetic reactions. A report of the recommendations of the joint Anaesthetic and Immuno-allergological Workshop, Nancy, France: 19 March 1982 <i>M.-C. Laxenaire, D.A. Moneret-Vautrin and J. Watkins</i>	147
FORUM	
Interscalene block for Colles' fracture <i>T.J. Hughes and D.A. Desgrand</i>	149
Anaesthesia for trigeminal nerve thermocoagulation <i>S.S. Lowe, M. Meurer, G.S. Ingram and D.G.T. Thomas</i>	152
Sequential use of thiopentone and etomidate in anaesthesia for termination of pregnancy <i>J.M. Cundy and W.E. Scott</i>	155
Peer modelling and paediatric anaesthesia <i>W.R. Hain</i>	158
CORRESPONDENCE	162
BOOK REVIEWS	181
AUDIOVISUAL REVIEWS	185
INDEX OF COMPUTER PROGRAMS	186
ASSOCIATION OF ANAESTHETISTS OF GREAT BRITAIN AND IRELAND Annual Report of Council 1981–1982	188
COURSES IN ANAESTHESIA	199
ANAESTHETIC LITERATURE	205
STOP PRESS	210

Number 3, March 1983

EDITORIAL—Anaesthesia and intensive care. One hat or two? <i>A. Gilston</i>	211
ORIGINAL ARTICLES	
Intensive management of severe head injuries. A scheme of intensive management of severe head injuries <i>E. Moss, J.S. Gibson, D.G. McDowall and R.M. Gibson</i>	214
Neurological complications following general anaesthesia. Three cases of major paralysis <i>E.J. Schreiner, S.F. Lipson, P.R. Bromage and E.M. Camporesi</i>	226
Neurological complications following aortic surgery. Case reports and review of the literature <i>T.G. Costello and A. Fisher</i>	230
Postoperative jaundice in children. The influence of halothane <i>H.J. Wark</i>	237
Labetalol in tetanus. The treatment of sympathetic nervous system overactivity <i>A.G. Wesley, D. Hariparsad, M. Pather and D.A. Locke</i>	243
Hypotension during epidural analgesia for Caesarean section. Arterial and central venous pressure changes after acute intravenous loading with two litres of Hartmann's solution <i>M. Lewis, P. Thomas and R.G. Wilkes</i>	250
Epidural analgesia and anticoagulant therapy. Experience with one thousand cases of continuous epidurals <i>J.A. Odom and I.L. Sih</i>	254
Hypotension following cimetidine administration during cardiopulmonary bypass <i>M. Heining, J. Groom, J. Luthman and C. Aps</i>	260
Protamine titration after cardiopulmonary bypass <i>D.A. Dutton, A.P. Hothersall, A.D. McLaren, K.M. Taylor and M.A. Turner</i>	264
CASE REPORTS	
Atypical ventricular tachycardia (<i>torsade de pointes</i>). A postoperative enigma <i>M.G. Alexander and P.D. Potgieter</i>	269
Aminophylline may act as a morphine antagonist <i>J.A. Stirt</i>	275
APPARATUS	
Portable ventilators under field conditions <i>M.G. Harries</i>	279
FORUM	
Epidural analgesia and forceps delivery: laying a bogey <i>P.W. Bailey and F.A. Howard</i>	282
ANAESTHESIA IN THE FALKLANDS CAMPAIGN	285
CORRESPONDENCE	
Regional analgesia for Caesarean section 286; An unusual presentation of cholinesterase deficiency 287; An effective pulse monitor 288; A nasotracheal tube for faciomaxillary surgery 289; Where the laryngoscope is locked away 290; Intravenous regional anaesthesia 290; A new use for the 'Aldasorber' 291; Succinylcholine pains in outpatient children 291; Problems with high-flow scavenging systems 292; Oral ketamine 293; Familial dysautonomia 293; Anaesthesia and familial hypokalaemic periodic paralysis 293; Inflatable wedges 294; Huntington's chorea 295; Intravenous regional analgesia 295; Etomidate as a sedative agent in patients undergoing hip surgery under epidural anaesthesia 295; Dysrhythmias in children 296; Safety check procedures to eliminate faults in an anaesthetic machine 297; A 'closed' method for arterial cannulation 297; Independence 298; Quotations 298

Number 4, April 1983

EDITORIAL—Quality assurance in anaesthesia <i>A.K. Adams</i>	311
ORIGINAL ARTICLES	
Anaesthesia for myringotomy. The effect of nitrous oxide and intermittent positive pressure ventilation in children with secretory otitis media <i>A.B. Drake-Lee, W.F. Casey and T.W. Ogg</i>	314
Effects of intermittent 0.5% nitrous oxide/air (v/v) on the fertility of male rats and the post-natal growth of their offspring <i>E. Vieira, P. Cleaton-Jones and D. Moyes</i>	319
Pre-operative ranitidine. Effect of a single intravenous dose on pH and volume of gastric aspirate <i>C.J.D. Maile and R.N. Francis</i>	324
Mannitol, osmolality and steroids during renal transplantation. Real and theoretical influences on plasma potassium <i>P. Charters</i>	327
Cardiac output and the recumbent position in late pregnancy <i>B. Newman, C. Derrington and C. Dore</i>	332
Epidural analgesia and previous Caesarean section <i>J. Uppington</i>	336
Surgical emphysema resulting from a ventilator malfunction <i>P.J. Hilton and J.A. Clement</i>	342
CASE REPORTS	
Failed intubation in congenital tracheal stenosis <i>R.H. Goddard and D.G. Hughes</i>	346
Postnatal paraparesis following epidural analgesia and forceps delivery <i>B. Newman</i>	350
Bicornuate uterus and aortoclaval compression <i>D.A. Magee</i>	352
APPARATUS	
Mechanical ventilation with air-oxygen mixtures during total intravenous anaesthesia. An evaluation of the Penlon Nuffield Series 400 ventilator <i>A.J. Davey and B. Riley</i>	355
A new anaesthetic breathing system combining Mapleson A, D and E principles. A simple apparatus for low flow universal use without carbon dioxide absorption <i>D. Humphrey</i>	361
SPECIAL COMMUNICATION	
Histamine and antihistamine in anaesthesia and surgery. Report of a symposium <i>J.A. Thornton and W. Lorenz</i>	373
FORUM	
Internal jugular catheterisation in small children. The use of a posterior approach <i>R.R. Chatrath, J.G.L. Stock and O.D.H. Jones</i>	380
The effect of 50% nitrous oxide in oxygen on lower oesophageal sphincter tone <i>J.G. Brock-Utne and J.W. Downing</i>	383

EDITORIAL—The monitor of the future?

E.J. Fox 433

ORIGINAL ARTICLES

Alfentanil and recovery 435

M.E. Sinclair and G.M. Cooper

Postoperative dreaming. A comparison of the incidence following pentazocine and morphine premedication

R.H. Jago and J. Restall 438

Evaluation of a device for the measurement of the evoked tensions of the rectus abdominis muscle

N.G. Goudsouzian and J. Welch 442

Pituitary cryoablation. The results of treatment using a transphenoidal cryoprobe

A.M. Duthie, V. Ingham, A.E. Dell and J.E. Dennett 448

The radiological characteristics of bronchopleural fistula following pneumonectomy

M.E. Lauckner, I. Beggs and R.F. Armstrong 452

The application of cricoid pressure. An assessment and a survey of its practice

T.H. Howells, A.R. Chamney, W.J. Wraight and R.S. Simons 457

The determination of an effective cricoid pressure

W.J. Wraight, A.R. Chamney and T.H. Howells 461

CASE REPORTS

Coronary artery spasm during non-cardiac surgical procedure

C. Briard, P. Coriat, P. Commin, A. Chollet, P. Menasche and E. Echter 467

Emergency extracorporeal oxygenation for an intratracheal foreign body

R.J. Maharaj, I. Whitton and D. Blyth 471

The urinary catheter as a bronchial blocker

I.D. Conacher 475

Bypassing a problem airway

P.R. Layman 478

Restricted spread of analgesia following epidural blood patch. Case report with a review of possible complications

A. Rainbird and J. Pfitzner 481

Recessive dystrophic epidermolysis bullosa. The anaesthetic management of a case for major surgery

A.A. Tomlinson 485

Rapid and safe withdrawal of intravenous papaveretum after prolonged continuous infusion

R.J.M. Morgan 492

APPARATUS

Pituitary cryoablation

A.M. Duthie 495

FORUM

Unilateral computerised tomography guided coeliac plexus block: a technique for pain relief

J. Filshie, S. Golding, D.S. Robbie and J.E. Husband 498

CORRESPONDENCE

Plasma cholinesterase and cardiopulmonary bypass 504; Possible hazards with an anaesthetic gas scavenging system 505; Pentazocine-induced pulmonary oedema 505; Cyano acrylate cement ('Superglue') for fixation of central venous catheters 506; Etomidate—overdose by continuous infusion 506; Spinal cord injuries 507; Anaesthesia in first degree atrioventricular block 507; Early recognition of a possible Althesin reaction 508; Contents of ampoules 508; Surgery under regional analgesia with narcotics as single agents 509; The 'induction' dose of thiopentone 509; Anaesthesia for carcinoid syndrome 510; BOC Manley Servovent 511; Bronchospasm following the use of atracurium 511; Anaesthesia for pharyngolaryngectomy with extrathoracic oesophagectomy and gastric transposition 512

Number 10, October 1983	
EDITORIAL	
What next? <i>M.D.A. Vickers</i>	929
ORIGINAL ARTICLES	
Dose-response relationships for infusions of Althesin or methohexitone <i>J.W. Sear, K.C. Phillips, C.J.H. Andrews and C. Prys-Roberts</i>	931
Epidural versus intramuscular fentanyl. Analgesia and pharmacokinetics in labour <i>D.M. Justins, C. Knott, J. Luthman and F. Reynolds</i>	937
An evaluation of Org NC 45 (vecuronium) in paediatric anaesthesia <i>C.J. Ferres, P.M. Crean and R.K. Mirakhur</i>	943
Pneumothorax in the neonatal period <i>R.M. Jones, N. Rutter, A.C. Cooper and C.R. Pullan</i>	948
Adrenal suppression following extradural steroids <i>S. Jacobs, P.T. Pullan, J.M. Potter and G.M. Shenfield</i>	953
Circulation, respiration and serotonin levels in carcinoid patients during neurolept anaesthesia <i>K. Törnebrandt, A. Nobin, M. Ericsson and D. Thomson</i>	957
Does obesity affect recovery. A study using intravenous methohexitone and Althesin for short procedures <i>V. Kumar, J. Harvey and G.M. Cooper</i>	968
Second stage of labour with or without extradural analgesia <i>K.C. Phillips and T.A. Thomas</i>	972
A comparison of intramuscular and sublingual buprenorphine, intramuscular morphine and placebo as premedication <i>G. O'Sullivan, R.E.S. Bullingham, H.J. McQuay, P. Poppleton, M. Rolfe, L. Weir and R.A. Moore</i>	977
CASE REPORTS	
Neurogenic pulmonary oedema <i>W.F. Casey</i>	985

Exsanguination in a Jehovah's Witness <i>T.J.B. Harris, N.R. Parikh, Y.K. Rao and R.H.P. Oliver</i>	989
FORUM	
Femoral neck surgery using a local anaesthetic technique <i>C.B. Howard, L.G. Mackie, J. Fairclough and T.R. Austin</i>	993
CORRESPONDENCE	
Prevention of aspiration 995; Inadvertent dural puncture 996; Vaporizer failure 996; Failure of anaesthetic gas supply 997; Ventilator malfunction 998; Regional block for Caesarean section 998; Antacid prophylaxis in the pregnant patient 998; Hazards of high dose fentanyl for short procedures 999; Hypertension after naloxone 1000; Early recognition of possible Althesin reaction 1001; Pain after injection of methohexitone 1002; Buprenorphine, benzodiazepines and respiratory depression 1002; Anaesthesia and intensive care. One hat or two? 1003; Training in intensive care 1004; Gum boot murmur 1005; Beta-adrenoreceptor block and induced hypertension 1005; Maternal position during induction of anaesthesia for Caesarean section 1006; Dangers of heated water blankets and small children 1006; Ketamine and infants 1007; Resistance of Enderby tapered tracheal tubes 1007; Amiodarone-induced haemodynamic complications during anaesthesia 1008; Local reaction following atracurium 1009; A useful needle for single-shot thoracic extradurals 1010; The Junior Anaesthetists Group and its Annual Scientific and General Meeting 1010.

Number 11, November 1983

EDITORIAL	
Isoflurane: the need for new volatile agents <i>I.M. Corall</i>	1035
ORIGINAL ARTICLES	
The optimum concentration for epidural fentanyl. A randomised, double-blind comparison with and without 1:200000 adrenaline <i>E.A. Welchew</i>	1037
Day-case anaesthesia for termination of pregnancy. Evaluation of a total intravenous anaesthetic technique <i>T.W. Ogg, R.A. Jennings and C.G. Morrison</i>	1042
The management of insulin dependent diabetes during cardiopulmonary bypass and general surgery <i>D.J.B. Thomas, C.J. Hinds and G.M. Rees</i>	1047
Osmolal excretion after open heart surgery <i>D.H. Read and J.M. Manners</i>	1053
Lorazepam as a premedicant for regional anaesthesia <i>W.J. Russell</i>	1062
Intravenous lignocaine in dental anaesthesia. The effect of pretreatment on the incidence of dysrhythmias <i>D.G. Clayton and J. Allt-Graham</i>	1066
Plasma cholinesterase and trophoblastic disease. Gestational trophoblastic disease and reduced activity of plasma cholinesterase <i>J.M. Davies, D. Carmichael and C. Dymond</i>	1071
Postoperative analgesia provided by morphine infusion in children <i>R.J. Bray</i>	1075
CASE REPORT	
Hypersensitivity reactions to Althesin infusion: measurement of complement involvement <i>Y. Benoit, O. Chadenson, B. Ducloux, C.M. Veyseyre, J.P. Bringuier, C. Veyseyre and J. Descotes</i>	1079

APPARATUS

The MIE Carden ventilator. A description and laboratory assessment

I.R. Fletcher, E. Carden, T.E.J. Healy and T.R. Poole

1082

SPECIAL ARTICLES

Anaesthesia-related surgical mortality

J.N. Lunn, A.R. Hunter and D.B. Scott

1090

Suicide amongst anaesthetists-in-training

P.J. Helliwell

1097

CORRESPONDENCE

Regional hip blockade 1098; A cheap and simple nerve stimulator 1100; Glottic illumination by fibrescope 1100; An explosive spray 1101; Induced hypotension 1101; Reliability of 'Butterfly' needles during anaesthesia 1102; Routine servicing of the Cape-Waine ventilator 1102; Training in intensive care 1103; Nitrous oxide and termination of pregnancy 1103; Flexible fibreoptic bronchoscope for placement of double lumen tracheal tube 1104; Self poisoning with formic acid 1104; Gammahydroxybutyrate 1105; Epidermolysis bullosa dystrophica 1106; Hyperthermia 1106; Unencumbered blind nasal intubation 1107; Ventilator malfunction? 1107; Anaesthesia for laryngeal microsurgery 1108; Insertion of epidural catheters 1108; Thiopentone for total intravenous anaesthesia 1109

ORIGINAL ARTICLES

The effect of age on recovery. A comparison of the kinetics of thiopentone and Althesin

J.W. Sear, G.M. Cooper and V. Kumar

1158

Choice reaction time. A method of measuring postoperative psychomotor performance decrements

W.A.C. Scott, J.G. Whitwam and R.T. Wilkinson

1162

Epidural analgesia in labour and maternal posture

W.J.K. Rickford and F. Reynolds

1169

Air aspirated from the venous system during total hip replacement

K.H. Andersen

1175

Plasma concentrations of atropine after rectal administration

G.L. Olsson, A. Bejerstein, H. Feychting, L. Palmér and B-M. Pettersson

1179

Cardiac complications during use of etomidate

A.W. Van den Hurk and H.J. Teijnen

1183

Anaesthesia for lower limb amputation. A comparison of spinal analgesia and general anaesthesia in the elderly

R.A.M. Mann and W.I.K. Bisset

1185

Cardiac dysrhythmia associated with general anaesthesia for oral surgery. Its prevention by the prophylactic use of an oral beta-adrenergic blocker

M.H. Hanna, D.G. Heap and A.P.S. Kimberley

1192
